Old Church C E (C) Primary School and its Governing Board are responsible for the maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained Trusts and academies, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Aims and objectives of Old Church C E (C) Primary School

This publication scheme is a means of showing how we are pursuing these aims.

2. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 5 of this scheme.

Classes of Information

- Who we are and what we do
Organisational information, locations and contacts, constitutional and legal governance.
- What we spend and how we spend it
Financial information relating to projected and actual income and expenditure, tendering, procurement and contracts.
- What our priorities are and how we are doing
Strategy and performance information, plans, assessments, inspections and reviews
- How we make decisions
Policy proposals and decisions. Decision making processes, internal criteria and procedures, consultations.

The classes of information will not generally include:

- Information the disclosure of which is prevented by law, or exempt under the Freedom of
- Information Act, or is otherwise properly considered to be protected from disclosure.
- Information in draft form.
- Information that is no longer readily available as it is contained in files that have been placed in archive storage, or is difficult to access for similar reasons.
